# WHY UGANDA?

97% of Uganda's Exports in Africa are to countries in the EAC and COMESA regions. Uganda has seen an increase of 20% in the total imports in recent years

Uganda's electricity demand has been growing at an average of 10% per annum

Existing solar data clearly indicate that the solar energy resource in Uganda is high throughout the year indicating a huge untapped potential in this sector

Uganda has many renewable energy resources like bioenergy, water /hydro, solar and others that can be used for energy production and the provision of energy services. Many of these resources are yet untapped

Uganda is the largest growing economy in the East Africa Region

Uganda's Telecommunication Market has witnessed strong growth in recent years and is expected to have continued growth over the forecast period to 2025
