FOCUSED EXHIBITION ON BUILDING & CONSTRUCTION INDUSTRY

9th Edition

SRI LANKA BUILDCON

INTERNATIONAL EXPO

BMICH, COLOMBO, SRI LANKA

WHY SRI LANKA?

Sri Lanka's economy continued to grow robustly in 2025.The gross domestic product grew by USD 6.5 Billion during March 2025, up slightly from 6.7% a year earlier. The construction industry accounts for nearly 7.1 % of the Gross Domestic Product. The outlook is for a continued strong economic performance aided by generally favorable global conditions. In line with the government's policy, efforts are intensified to attract investments to target sectors in which Sri Lanka has strong foundation for growth as well as areas where it is nationally important to develop. Infrastructure Projects is one of the Target Sectors Actively Promoted by Sri Lanka. Growth of private sector credit for construction purposes has increased significantly, which reflects the increased involvement of private sector in the construction industry.

- Strategic Access to Key Markets in the World
- Strong Resilient Economy
- Foreign Investor Support
- The government has planned to transform Sri Lanka into a strategically important economic centre by developing five strategic hubs; a knowledge hub, a commercial hub, a naval & maritime hub, an aviation hub, and an energy hub, taking the advantage of Sri Lanka's strategic location & resources
